

Preliminary Agenda

Regional Sustainable Urban Mobility Planning for Functional Urban Areas: Improving Capacities to Lower CO₂ Emissions

Brno, Czech Republic

25 May, 2018

This workshop targets mobility planners (primarily regional authorities, city planners and public transport companies) with a view to exchanging knowledge and experience about integrated low-carbon mobility planning. It will raise participants' capacities to set-up coordinated management structures in functional urban areas. Ultimately, through improved coordination, mobility planning and deployment of innovative technology, this workshop will contribute to emission and congestion reduction in Central Europe's functional urban areas.

Friday, 25 May	
Venue: Open Gardens, 33 Údolní Street, Brno	
9:00	Welcome coffee
9:30	<p>Setting the scene (LVB, 20')</p> <ul style="list-style-type: none"> • Aims of the day • Context in Central Europe: current challenges • Transnational cooperation in Interreg (Specific Objective 2.3) and sister projects
	<p>Introduction to LOW-CARB (LVB, 20')</p> <ul style="list-style-type: none"> • Project objectives and outcomes • LOW-CARB monitoring tool
	<p>Perspectives on multimodality public transport planning for functional urban areas: round table discussion with LOW-CARB Advisory Board members (3x15' presentation, 30' Q&A and moderated discussion)</p> <ul style="list-style-type: none"> • Regional SUMP as basis for multimodal public transport service development (UIRS) • Organization of financing multimodal public transport services (West Yorkshire; tbc) • Planning and implementation of multimodal public transport services for functional urban areas (NVR)

11:30	Coffee break
11:45	<p>First results from the LOW-CARB project: round table with city representatives (40')</p> <ul style="list-style-type: none"> • Selected highlights from the host city and LOW-CARB partner cities • Discussion about challenges and initial experiences in tackling them
	<p>Exploiting synergies: sharing experiences from sister projects (2x15')</p> <ul style="list-style-type: none"> • MOVECIT: How to include low-carbon multimodal services into company based mobility planning • SOLEZ: How to implement access restriction zones with a good offer of multimodal mobility services (tbc)
13:00	Lunch Break
14:00	<p>Exploiting synergies (cont'd): (15')</p> <ul style="list-style-type: none"> • Linking up with the EUROPEANMOBILITYWEEK campaign
	<p>State-of-the-art of sustainable mobility planning in functional urban areas in Central Europe: moderated plenary discussion (60')</p> <ul style="list-style-type: none"> • Review of challenges and solutions: experiences shared by workshop participants • Initial feedback about practical applicability of LOW-CARB monitoring tool • Keeping the momentum: ways of continued cooperation and knowledge exchange among workshop participants
15:15	<p>Closure of workshop</p> <ul style="list-style-type: none"> • Moderator's summary of main conclusions • Invitation to sign LOW-CARB declaration • Invitation for upcoming workshops
